City Acts To Curb Speeders On South Side

Establish Sixth Ave. As Through Street; Other Stop Signs

City officials have announced plans to establish Sixth avenue as a through street on the south side of Kankakee. This action is part of a series of measures designed to curb speeding and improve traffic conditions in the area. The city council has authorized the installation of stop signs at the intersections of Sixth avenue with several local streets, including Main, Second, and Third. Additionally, Sixth avenue will be designated as a through street, allowing for more direct travel between the north and south sides of the city. These changes are expected to be implemented by the end of the month.

U. S. Stands "On the Brink of Inflation"

Bags Bomber

Credit for the first German bomber downed by the American Eagle squadron of the R. A. F. goes to 20-year-old Gregory Davidson of Los Angeles. "Davy" of the squadron, on patrol over the English channel with his squadron, Davidson spotted the plane, a Dornier 17, and shot it down. The Americans previously had downed five German fighter planes, two of them by the California.

Beaumont And Laird Elected To School Board

518 Cast Ballots Although Candidates Have No Opposition

Adrian Beaumont and Paul Laird were elected members of the Kankakee public school board without opposition yesterday. A sizeable complimentary vote was cast for the candidates, with 518 persons taking the trouble to go to the polls, even though no other ticket was filed. Mr. Beaumont, who has been president of the board many years, was re-elected for another three-year term. Laird is a new member, succeeding Joseph T. Brown, who resigned at the conclusion of his term. Each of the candidates received an identical number of votes of the seven school districts. The election was held at the Washington school, where 134 persons cast ballots.

U.S. Warships In Australia As Tension In East Rises

By the Associated Press
United States warships have arrived in Australia on a "training cruise," the navy department announced today. The move is seen as a response to rising tensions in the Pacific and the Indian Oceans. The warships, including the USS Maryland and the USS Tennessee, are part of a fleet of 12 vessels. They are expected to remain in the region for several weeks, conducting various exercises and operations. The navy department stated that the presence of these warships is a demonstration of the United States' commitment to maintaining peace and stability in the Pacific.

Rising Prices Must Be Stopped, Says Henderson

Price Chief Makes Statement To House Banking Committee

Washington, Aug. 5.—U. S. Price Administrator Leon Henderson told the house banking committee today the United States stands now on the brink of inflation. He said that price controls are necessary to prevent a runaway price increase. Henderson emphasized that the government must take immediate action to stabilize prices and prevent inflation from taking hold. He stated that the current price controls are being tested, and if they are not strengthened, inflation could become a serious problem for the country.

Council Votes To Issue Bonds For \$46,355

Will Reimburse City Employees For Wage Shortage Of 4 Years

Kankakee police and firemen are going to collect back wages due them during the past four years under the state minimum wage law. This was disclosed Monday night at the city council meeting when a resolution acknowledging their claims was adopted.

Will Reimburse City Employees For Wage Shortage Of 4 Years

Total amount of the claims since the 1937 law was passed up to July 1, 1941, was \$46,355, which will be met by issuing bonds as authorized by the city council.

On Monday night the Huntington Junction council, the council unanimously adopted the resolution approving the claims and authorizing Mayor Albert P. Hattenburg, Clerk Ralph Farmer and City Attorney Victor Cardozo to take steps necessary to pay for issuance of bonds.

Will Reimburse City Employees For Wage Shortage Of 4 Years

In 1937 the legislature provided that a minimum wage of \$150 a month be paid to firemen and police officers in cities with a population was between 10,000 and 25,000 but a companion bill to provide the additional revenue to meet such increased expenses was vetoed by Governor Henry Horner. Lacking a means of raising the revenue, this city (as well as many others) was unable to meet the minimum and continued paying \$120 a month.

Will Reimburse City Employees For Wage Shortage Of 4 Years

The legislature this summer, however, adopted a statute providing for issuance of special bonds for this express purpose. It is estimated that the new bonds will add about one-half mill to the assessed valuation of city property.

Ingenuity And Humor Enliven Soldier's Life

BY THE ASSOCIATED PRESS
Fort Bliss, Tex. (AP)—A third column pulled over the side of a road, a group of soldiers was perched on the back of a truck and engaged in conversation. A cheerful, humorous voice interrupted with something which sounded like a joke.

The troops started. The silence was as heavy and cold as an ice-bug.

Well, the young lady asked in exasperation, "What's the cat got your tongue?"

One of the men cleared his throat and replied:

"Listen, little girl, haven't you read the papers?"

Fort Jackson, S. C.—A few small weapons—plus American ingenuity—can smash a tank attack.

A non-combatant battalion of the 10th ordnance company was mending equipment back of the lines during mock warfare.

Suddenly, three enemy tanks rumbled into view. The men, however, realized the six rifles on hand would not effect on the actual monster.

So they ordered his men to use smoke pots and tear gas.

The hell bugs roared into a blinding cloud of smoke. Tank No. 1 rumbled a huge tree and stuck its back.

Tank No. 2 rumbled up the back of tank No. 1. The crews were captured.

Tank No. 3 wandered in the haze until the driver asked for help on the actual monster.

The ordnance boys obliged by sending him off in the wrong direction.

100 Vigilance Groups To Speed Railway Shipments

Chicago, Aug. 5.—The mid-west shippers' advisory board, after hearing reports of an increased tightness of railroad freight cars, approved the organization of more than 100 vigilance committees to speed up car movements.

The board said that the committees, to be established in 90 rail centers in the midwest states, would be composed of 10 men representing the railroads, shippers, and freight receivers. They will investigate the reasons for any unnecessary delays and make recommendations to the board.

Fred A. Schiller, board chairman, said the five-state region now was handling 200,000 cars of freight a week, which is 22 per cent of the nation's rail burden, and carloadings were increasing. The board's estimate of coal car loadings for the third quarter was revised upward by 150,000 cars, anticipating 234,842 cars of coal compared to 212,369 for the same period last year.

The region includes Illinois, Wisconsin, Iowa, upper Michigan and western Indiana.

Chicago Without Authority To Ban Paper "Bottles"

Chicago, Aug. 5.—The city of Chicago has no authority to ban paper bottles, the city attorney has ruled.

A group of Chicago dairies, which were working for more than two years for the purpose of obtaining authority to sell waxed paper bottles rather than glass bottles.

Today's action checked the city attorney's effort to pass an ordinance restraining city officials from interfering with such dairies.

The appellate court found that the Chicago ordinance limiting the

use of paper bottles was unconstitutional.

The city attorney, who had argued that the city had the right to regulate the sale of bottles, was defeated by the city's own lawyers.
